Alabama.

Objective

A position in Biochemist Technology that will effectively utilize acquired expertise in health data standards, creative talents and commitment to excellence.

Skills

Chemical Skills, Interpersonal Skills, Management Skills.

Work Experience

Biochemist

ABC Corporation - March 2012 – December 2012

- Performed laboratory work related to molecular biology.
- Researched on the latest techniques for molecular biology application.
- Organized and summarized laboratory protocols and methods.
- Worked determining spermatozoid analysis, and in-vitro fertilization like ICSI and IVF.
- Served as a technician; purified enzymes by FPLC and column chromatography; held responsibility for enzyme purification and characterization; gained.
- Monitored pre-analytic, analytic, and post-analytic sections of every test.
- Researched and developed biochemical equipment, as well as protocol development and implementation of technology with minimal supervision Assisted.

Biochemist

Delta Corporation - 2011 – 2012

- Performed clinical determinations using the PCR technique.
- Elegant, SNP mapping Microscopy DIC, fluorescence, and confocal microscopy, protein subcellular localization.
- Monica Vilche Claps Degree in Biochemistry Currently I am doing the master and also a course on Advanced Topics in Radiochemistry which briefly elaborated below 2012 Master of Molecular Biology BIOLOGY PEDECIBA Topic Synthesis and characterization of a 68 Ga-labeled radiopharmaceutical for the diagnosis of infection.
- Patricia Oliver CUDIM-Montevideo-Uruguay Dial investigates the chemistry of peptides, with a positron-emitting radionuclide (68Ga), whose characteristics allow the address field applications of infection.
- This also includes the development of quality control methods, biological evaluation in experimental models, and radio pharmacologic and toxicological evaluation of them.
- Advanced Topics in Radiochemistry.
- Chair of Radiochemistry Faculty of Chemistry, Evaluation of 99mTc-diagnostic agent Caspofungin after treatment of fungal infections by gamma scintigraphy.

Education

BS In Biochemist
