PERSONAL STATEMENT

Certified Industrial Hygienist and Safety professional experienced in tough, fast-paced environments. A team player who has worked with management, using a strong field presence to protect employees.

WORK EXPERIENCE

Lead Industrial Hygienist

Department Of Labor - Occupational Safety & Health Administration (OSHA) - June 2012 – June 2019

Responsibilities:

- Inspects work sites, works operations and conditions, recording hazards and obtains evidence of regulatory violations.
- Interviews management, labor union representatives, and employees to acquire specific details on hazardous operational processes and conditions.
- Visit work sites, explain the purpose of visit, and review record-keeping and safety and health-related program documents.
- Conduct inspections, taking testimony from union representatives and from employees who are exposed to hazards.
- Hold closing conference to inform management representatives of alleged violations found, of citations and penalties which can be expected.
- Explain provisions for posting citations, right to the informal conference, and procedures for the contest.
- Collected air, bulk and dust field samples for PCB analysis.

Industrial Hygienist

ABC Corporation - 2010 – 2012

Responsibilities:

- Established a Benzene monitoring program and instituted a functioning hearing conservation program with annual audiograms that were reviewed rather than just filled without a determination of the degree of hearing loss.
- Asbestos inspection program and found a significant amount of friable asbestos surfacing material in the contractors living quarters.
- Approximately 4000 workers were housed in these quarters at all times.
- Abatement of the friable surfacing material was conducted.
- Determined through an incident review the presence of mercury in the natural gas and the significant process safety issue.
- Responsible for making copies of paperwork for clients as specified per job.
- Presented with the mercury and the unprotected aluminum gas heat exchanger.
