21 years of experience at various projects such as LNG, Petrochemical, Power Plant, Rails, Mining, Infrastructure, and buildings.

EXPERIENCE

Senior Planner

Town Of Snowmass Village - AUGUST 2000 – MAY 2019

- Progress and invoice verification and preparation of monthly schedule analysis reports, including baseline/current cost and schedule variation, reports.
- Performing what-if analysis and risk analysis to evaluate various scenarios such as changes in sequences of activities and execution priorities.
- Review of contractors change register and EOT claims and impact assessment on the schedule and cost estimate.
- Maintaining progress database (EZTrac) and using that for schedule update and progress reporting.
- Leading progress meetings with contractors and clients to discuss the findings of monthly progress reports.
- Offered options and suggestions for applicants to consider, despite being in the role of a public planner versus a private consultancy.
- Coordination between various construction disciplines to achieve schedule targets.

Senior Planner

ABC Corporation - 1998 – 2000

- Led the developmental evolution of the first crisis response plan directing Federal response actions for a 10 kiloton nuclear detonation in New York City.
- Created and led a multi-agency, cross-governmental strategic planning team and Senior Leadership Steering Committee of NYC government agencies (FDNY, NYPD, OEM), the Federal Intelligence Community, and State agencies of NJ, PA, and CT.
- Coordinated response strategies with State and local agencies to sustain life and mitigate cascading effects on critical infrastructure.
- Conceived, initiated, and championed operationalization of numerous emergency processes.
- Served as an external point of contact, subject matter expert, and project manager.
- Managed personnel and delegated functions to the development team, balancing the equilibrium between cost, performance, and schedule.
