PROFESSIONAL SUMMARY

Actuarial Assistant with 2 years of diverse experience in data analysis and actuarial support. Adept at utilizing Excel and SQL for effective modeling and financial forecasting. My analytical skills drive the development of pricing strategies and enhance risk assessments, ensuring accuracy and compliance. I am committed to delivering high-quality results in a collaborative team environment.

WORK EXPERIENCE

Actuarial Assistant Jun / 2024-Ongoing
Blue Sky Innovations Chicago, IL

- 1. Supported the development of reserve estimates for insurance liabilities.
- 2. Utilized statistical software to analyze large datasets and generate reports.
- 3. Assisted in the preparation of regulatory filings and compliance documentation.
- 4. Participated in the review of actuarial assumptions and methodologies.
- 5. Provided support in the development of financial projections and budgets.
- 6. Conducted research on industry trends and best practices in actuarial science.
- 7. Revised GASB proposals with information for new clients, entering FYE data into valuation reports for accuracy.

Actuarial Assistant Jun / 2023-Jun / 2024
Silver Lake Enterprises Seattle, WA

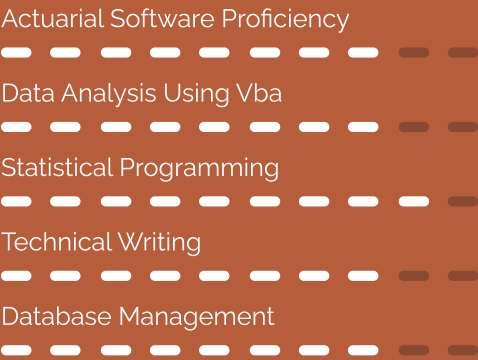

- 1. Developed and modified complex annuity and life insurance product models in Excel.
- 2. Collaborated with Marketing and Legal teams to ensure actuarially sound product documentation.
- 3. Coordinated with IT for actuarial verification of software modifications.
- 4. Managed Federal income tax preparation for actuarial-related projects.
- 5. Participated in the development of new disability income and traditional life insurance products.

EDUCATION

Master of Science in Actuarial Science Jun / 2022 - Jun / 2023
