PROFESSIONAL SUMMARY

Dynamic Adult Nurse Practitioner with 5 years of experience in delivering high-quality care across various clinical environments. Proficient in diagnosing and managing complex health conditions, I focus on patient education and evidence-based treatment. Passionate about improving patient outcomes through collaborative care and tailored health strategies.

WORK EXPERIENCE

Adult Nurse Practitioner  Mar / 2022-Ongoing
WidgetWorks Inc.  Denver, CO

- 1. Provides comprehensive care and health maintenance to a diverse population of Veterans, averaging 24 patients per shift.
- 2. Conducts thorough assessments and develops individualized care plans for patients aged 21-95.
- 3. Utilizes the BEERS List to identify and manage potentially inappropriate medications for geriatric patients.
- 4. Collaborates with an interdisciplinary team to optimize patient care and facilitate smooth transitions back to home.
- 5. Acts as a resource for homeless Veterans, connecting them with essential community support services.
- 6. Employs the nursing process to conduct history and physical examinations and manage acute medical issues.
- 7. Oversees the discharge process, ensuring medication orders and reconciliations are completed prior to patient release.

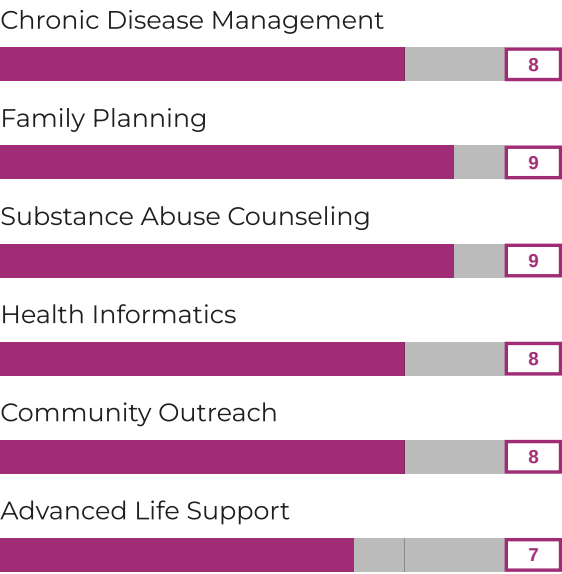

Adult Nurse Practitioner  Mar / 2020-Mar / 2022
Crescent Moon Design  Portland, OR

- 1. Conducted evaluations for patients suffering from acute and chronic pain, performing comprehensive assessments.
- 2. Formulated treatment plans and established diagnoses based on clinical findings.
- 3. Coordinated pain management procedures, ensuring appropriate scheduling and follow-up care.
- 4. Provided in-depth patient education regarding treatment options, medication risks, and disease management.
- 5. Ordered and interpreted diagnostic studies, including imaging and EMGs, facilitating timely referrals for surgical consultations.
- 6. Executed trigger point and bursa injections, enhancing patient comfort and functional outcomes.
