PROFESSIONAL SUMMARY

A seasoned Aircraft Inspector with 10 years of experience specializing in thorough inspections and compliance with aviation safety regulations. Adept at evaluating mechanical systems and structural integrity, I ensure optimal airworthiness and safety standards. My proactive approach and strong analytical skills contribute significantly to enhancing aircraft reliability and operational efficiency.

WORK EXPERIENCE

Aircraft Inspector Jan / 2019-Ongoing
Pineapple Enterprises Santa Monica, CA

- 1. Conducted comprehensive inspections of landing gears, fuselage, wings, and engines to identify damage or corrosion, ensuring compliance with airworthiness standards.
- 2. Reviewed maintenance records to verify adherence to prescribed service intervals and regulatory requirements.
- 3. Conduct thorough inspections of aircraft components and systems for compliance with safety standards.
- 4. Utilized software tools like CONOPS and Universal Call Board for meticulous documentation and record-keeping.
- 5. Collaborated with artisans to oversee daily operations and ensure quality standards were met.
- 6. Ensured compliance with safety regulations by meticulously checking work documentation and processes.
- 7. Led final inspections of aircraft components, ensuring readiness for operational deployment.

Aircraft Inspector Jan / 2015-Jan / 2019
Lakeside Apparel Co Chicago, IL

- 1. Coordinated with military units during combat operations, ensuring aircraft readiness and mission success.
- 2. Provided tactical training and mission support, achieving a high operational success rate.
- 3. Reviewed and managed aircraft component time changes, ensuring compliance with military inventory standards.
- 4. Oversaw training certifications for aircraft mechanics, enhancing team skill levels and performance.
- 5. Implemented corrective actions for performance improvement, leading to increased customer satisfaction.
- 6. Executed primary inspections during heavy checks and modifications, ensuring compliance with safety protocols.

EDUCATION

Associate of Science in Aviation Maintenance Jan / 2012 - Jan / 2015
Aviation Institute of Maintenance Phoenix, AZ

Focused on aviation maintenance principles and practices, including airframe and powerplant systems.
