PROFESSIONAL SUMMARY

Dedicated Assembly Line Production Worker with expertise in machine operation and assembly techniques. Recognized for exceptional problem-solving skills and ability to train new employees, contributing to a cohesive and productive team environment.

WORK EXPERIENCE

Assembly Line Production Worker/Executive

Blue Sky Innovations

May / 2024 - Ongoing
Chicago, IL

1. Demonstrated precise measuring skills, the ability to use hydraulic operated equipment, and teamwork.
2. Built respirators, inspect for defects, assist with the sanitation of the work area and maintain constant production.
3. Packed cups in boxes in order for them to be shipped.
4. Pulled orders from the computer, maintained a clean environment.
5. Ensured there are no water leaks or defects in the body of the car.
6. Maintained a quick pace and support other team members on the line.
7. Achieved 99% accuracy in assembly tasks, reducing product defects and enhancing quality control.

Assembly Line Production Worker

Summit Peak Industries

May / 2023-May / 2024
Denver, CO

1. Assembly lines are widely used in manufacturing and can involve work tasks such as installing, mounting, fastening, aligning, wiring, connecting, soldering, sanding, painting, stitching, gluing, cutting, or shaping various product parts.
2. Air powered tools or hand tools are used in many kinds of assembly work. High quality and high volume work is expected and quotas are often set to encourage maximum production.
3. Successful parts assemblers are hard-working employees who can stay focused, pay attention to detail, and perform repetitive tasks over long periods of time; they are physically fit, safety conscious and able to work well with others.
4. My biggest accomplishment was to pay attention to detail.
5. Even the smallest things.

EDUCATION

Certificate in Manufacturing Technology

Tech University

May / 2022-May / 2023
Santa Monica, CA

Focused on manufacturing processes, quality control, and safety protocols.
