

JACKSON TURNER

Lead Assistant Software Engineer

✉ support@qwikresume.com ☎ (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

PROFESSIONAL SUMMARY

Innovative software engineer with 7 years of experience in full-stack development and system architecture. Skilled in leading teams to deliver scalable applications using modern frameworks. Committed to optimizing performance and driving project success through effective collaboration and technical expertise.

WORK EXPERIENCE

Lead Assistant Software Engineer

Pineapple Enterprises

📅 Mar / 2021-Ongoing

📍 Santa Monica, CA

1. Developed a comprehensive patient information tracking system, enhancing hospital operations and patient care.
2. Automated lab results forwarding, improving communication between medical staff and enhancing patient safety.
3. Managed day-to-day hospital operations, ensuring compliance with health regulations and enhancing service delivery.
4. Maintained detailed medical records, streamlining patient treatment tracking and access to vital information.
5. Collaborated with cross-functional teams to analyze requirements, prepare specifications, and design user-friendly interfaces.
6. Created unit test cases to ensure high-quality software releases and adherence to project specifications.
7. Facilitated the integration of various hospital systems, ensuring seamless data flow and operational efficiency.

Assistant Software Engineer

Lakeside Apparel Co

📅 Mar / 2018-Mar / 2021

📍 Chicago, IL

1. Gathered requirements and designed data mapping for a large-scale ETL project, enhancing reporting capabilities for ToysRUs.
2. Developed a Hotel Management System, implementing online booking features that increased customer engagement.
3. Created and optimized the database architecture for a hotel management website, improving data retrieval speed and user experience.
4. Trained junior developers in Java and SQL, fostering a collaborative learning environment.

EDUCATION

Bachelor of Science in Computer Science

University of California

📅 Mar / 2015-Mar / 2018

📍 Phoenix, AZ

Focused on software engineering principles, data structures, and algorithms.
