ACHIEVEMENTS

Streamlined analytical methods, reducing testing time by 20% while maintaining accuracy.

Successfully developed and validated 5 new formulations for client projects, enhancing product efficacy.

PROFESSIONAL SUMMARY

Results-driven Associate Scientist skilled in molecular biology and biochemistry. Successfully led cross-functional teams to develop innovative solutions, resulting in a 30% increase in project efficiency and significant cost savings.

WORK EXPERIENCE

Associate Scientist Lead

Jan / 2022-Ongoing

Maple Leaf Consulting

Toronto, ON

1. Conduct independent studies for lead formulation development, including pH solubility and stability assessments.
2. Perform comprehensive physical and chemical analyses to ensure product integrity.
3. Author and execute detailed protocols, analyze resulting data, and prepare formulation reports for clients.
4. Collaborate closely with clients to address critical data requirements and provide timely updates.
5. Draft addendums to meet evolving client specifications efficiently.
6. Contribute to GLP toxicology studies by preparing materials according to approved batch records.
7. Conduct HPLC method qualifications and stability studies to assess solubility and particle size.

Associate Scientist

Jan / 2020-Jan / 2022

Cactus Creek Solutions

Phoenix, AZ

1. Participated in cross-training within toxicology to enhance versatility across project sections.
2. Executed live animal study procedures, including drug dosing and clinical evaluations.
3. Performed necropsies and tissue collection for various animal models, ensuring compliance with ethical standards.
4. Developed and published a new double staining procedure for skeletal evaluations.
5. Trained in behavioral evaluation for reproductive testing, contributing to comprehensive study outcomes.
6. Collaborated with cross-functional teams to support drug development projects, meeting all project timelines.
7. Managed laboratory inventory and procurement, reducing costs by 15% through strategic vendor negotiations.

EDUCATION

Bachelor of Science in Chemistry

Jan / 2018-Jan / 2020

University of California

Phoenix, AZ

Focused on analytical chemistry and biopharmaceutical applications.
