ACHIEVEMENTS

★ Improved testing efficiency by 15% through optimized sample preparation processes.

★ Successfully reduced equipment downtime by implementing proactive maintenance schedules.

PROFESSIONAL SUMMARY

Enthusiastic technician with two years of experience in supporting hardware and software systems. Adept at conducting installations, troubleshooting issues, and ensuring compliance with safety protocols. Eager to apply technical skills and problem-solving abilities to enhance operational efficiency and contribute to team success.

WORK EXPERIENCE

Associate Technician

📅 Mar / 2024-Ongoing

Maple Leaf Consulting

📍 Toronto, ON

1. Collaborated with internal teams to gather material data for fiberglass panels, enhancing project outcomes.
2. Executed precise sample preparation by cutting materials to specified dimensions for testing.
3. Measured and documented dimensions of fiberglass specimens, ensuring accuracy in testing.
4. Utilized Instron load frames for testing, contributing to reliable performance data.
5. Effectively operated various power tools in the Sample Prep room, ensuring efficient workflow.
6. Certified in safe operation of wet-saw, drill-press, band saws, and other equipment.
7. Developed G-Code programs for CNC Wet Saw operations, improving production efficiency.

Associate Technician

📅 Mar / 2023-Mar / 2024

Silver Lake Enterprises

📍 Seattle, WA

1. Measured and adapted lenses and frames according to optical prescriptions, ensuring customer satisfaction.
2. Performed diagnostics and repairs on assigned equipment, enhancing service reliability.
3. Set up IP addresses and installed printer drivers for seamless connectivity.
4. Troubleshoot and repaired equipment components, minimizing service disruptions.
5. Engaged in production activities, including powder processing for fuel cells, ensuring quality standards.
6. Conducted furnace maintenance, contributing to operational safety and efficiency.

EDUCATION

Associate of Applied Science in Engineering Technology

📅 Mar / 2022 - Mar / 2023

Tech University

📍 Santa Monica, CA

Focused on practical applications of engineering principles, including technical troubleshooting and maintenance.
