### ACHIEVEMENTS

🌟 Successfully reduced boiler downtime by 15% through effective preventive maintenance strategies.

🌟 Implemented safety protocols that resulted in zero accidents over the past year.

### PROFESSIONAL SUMMARY

Driven Boiler Operator with 2 years of experience in efficiently managing boiler operations and performing preventive maintenance. Skilled in monitoring system performance, ensuring compliance with safety standards, and troubleshooting issues effectively. Passionate about enhancing operational reliability and safety in high-demand environments.

### WORK EXPERIENCE

#### Boiler Operator

📅 Jan / 2024-Ongoing

Blue Sky Innovations

📍 Chicago, IL

1. Monitored all pressure gauges and sawdust feed systems to ensure optimal boiler performance.
2. Coordinated the loading and unloading of sawdust feed for boilers, maintaining supply chain efficiency.
3. Documented chemical transactions for feed water softener, ensuring compliance with safety standards.
4. Executed lockout/tagout procedures for heavy machinery to maintain workplace safety.
5. Utilized welding techniques to repair heavy parts, enhancing equipment longevity.
6. Trained team members on safety standards and operational procedures to exceed performance expectations.
7. Maintained accurate logs of fuel usage, maintenance, and operational parameters.

#### Boiler Operator

📅 Jan / 2023-Jan / 2024

Summit Peak Industries

📍 Denver, CO

1. Operated power boilers and steam-driven turbines that supplied electricity and steam to mill operations.
2. Managed a team on the C2 paper machine for 13 years, developing strong leadership skills.
3. Acted as set-up foreman for five years, overseeing equipment readiness for production.
4. Ensured personal and team safety while consistently meeting production and quality benchmarks.
5. Conducted routine lubrication and maintenance of equipment, maintaining operational efficiency.

### EDUCATION

#### Associate of Applied Science in Boiler Technology

📅 Jan / 2022 - Jan / 2023

Tech Institute of Technology

📍 Santa Monica, CA

Focused on boiler operation, maintenance, and safety protocols.
