PROFESSIONAL SUMMARY

With 5 years of hands-on experience as a Boilermaker Foreman, I excel in leading teams for boiler installations and maintenance. My expertise in welding, blueprint interpretation, and safety compliance drives project efficiency. I prioritize maintaining equipment integrity while fostering a collaborative environment, ensuring high-quality outcomes and adherence to safety standards.

WORK EXPERIENCE

Boilermaker foreman Mar / 2022-Ongoing
Quantum Solutions LLC Phoenix, AZ

1. Led a skilled team in executing boiler construction and maintenance projects, ensuring adherence to safety protocols.
2. Oversaw the installation of various valve types, including butterfly and ball valves, enhancing system functionality.
3. Utilized advanced techniques to level, align, and set equipment and piping accurately.
4. Ensured timely project completion by enforcing company policies and effective work practices.
5. Communicated project objectives clearly, optimizing team performance and resource utilization.
6. Maintained accurate task logs and time sheets to track crew performance and project progress.
7. Coordinated with cross-functional teams to meet customer requirements during refinery outages and turnarounds.

Boilermaker foreman Mar / 2020-Mar / 2022
Lakeside Apparel Co Chicago, IL

1. Supervised a dedicated crew in constructing and maintaining steam boilers and turbines, ensuring high-quality standards.
2. Interpreted blueprints to guide the assembly of boiler tubes, coal pipes, and air ducts effectively.
3. Utilized rigging techniques to signal crane operators for precise lifting of heavy equipment components.
4. Ensured project compliance with safety regulations through diligent oversight and enforcement of procedures.
5. Facilitated effective communication among team members to enhance project workflow and efficiency.
6. Documented daily operations and maintained accurate records for crew activities and equipment usage.

EDUCATION

Associate of Applied Science in Welding Technology Mar / 2018 - Mar / 2020
Central Community College Santa Monica, CA
Focused on advanced welding techniques and safety practices.
