PROFESSIONAL SUMMARY

Seasoned Bridge Inspector with 5 years of experience dedicated to safeguarding infrastructure integrity. Expert in performing comprehensive inspections, evaluating structural conditions, and generating precise reports to ensure compliance with safety standards. Eager to leverage my skills to enhance public safety and contribute to impactful engineering projects.

WORK EXPERIENCE

Bridge Inspector Feb / 2021-Ongoing
Maple Leaf Consulting Toronto, ON

- 1. Conducted thorough field inspections of timber, concrete, and steel bridges, ensuring compliance with safety standards.
- 2. Evaluated the condition of in-service bridges to identify maintenance needs.
- 3. Performed inspections on state-owned bridges, assessing structural integrity and safety.
- 4. Compiled detailed inspection reports using MicroStation, Delta Cad, Excel, and Word.
- 5. Collected and analyzed data to inform maintenance decisions.
- 6. Rated bridge conditions based on established safety criteria.
- 7. Managed inventory and inspection of all state-maintained bridges in the 5th District.

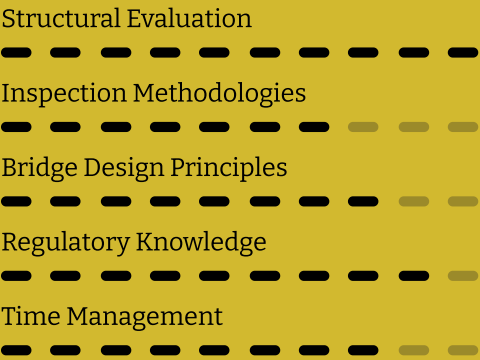

Bridge Inspector Feb / 2020-Feb / 2021
Silver Lake Enterprises Seattle, WA

- 1. Assisted in the development of inspection protocols to enhance data collection accuracy.
- 2. Participated in cross-functional meetings to discuss bridge maintenance strategies.
- 3. Utilized advanced software tools for structural analysis and reporting.
- 4. Engaged in ongoing professional development to stay current with industry standards.
- 5. Collaborated with local authorities to address community concerns regarding bridge safety.

EDUCATION

Bachelor of Science in Civil Engineering Feb / 2019 - Feb / 2020
University of Illinois Santa Monica, CA
Focused on structural engineering principles and bridge design.

SKILLS

INTERESTS

- Home Brewing Wildlife Conservation
- Running Public Speaking

STRENGTHS

LANGUAGES

ACHIEVEMENTS

- Successfully identified structural deficiencies in over 30 bridges, leading to timely repairs and enhanced safety.
- Streamlined the inspection reporting process, reducing report generation time by 25%.
