Objective

My objective is to gain employment with a company I can grow with as my education and skills grow. I want to be a part of something bigger and be employed in a place where my skills can be used and built on.

Skills

Mowing grass construction grinding building pools general labor painting I can do a lot of work.

Work Experience

Builder

ABC Corporation - August 2014 - October 2015

- Managed day to day activities of multiple residential/renovation projects from start to finish.
- Read, Comprehended and Accomplished manual takeoffs from architecture plans and engineered drawings.
- Arranged for and passed inspections, met with inspectors on-site as necessary.
- Responsible for interviewing, hiring, coordinating and managing of trades, suppliers and subcontractors.
- Built and maintained solid client relationships; kept clients abreast of schedule and future work, met as needed.
- Maintained all projects within budget and on schedule; documented and validated all budget expenditures and variances.
- Accomplishments Used an innovative process to acclimate a construction site early to allow for the installation of temperature and humidity sensitive materials.

Builder

ABC Corporation - 2011 - 2014

- at Rx Smart Gear, my job consisted of assembling crossfit equipment
- Although this job was a seasonal summer job
- RELEVANT HIGH SCHOOL STUDIES AND ACTIVITIES I have participated in multiple computer classes, I took Geographic Information systems (G.I.S.), and Digital Art
- To improve my technology skills, on this never ending technologically advanced world
- Played three years of football that taught me discipline and respect
- As well as volunteered 50+ hours to a local football team in my neighborhood, assisting the coaches and helping with the middle school students
- I have also volunteered a lot of time working with special ed students at Helix Charter High School, therefore teaching me lots of patience.

Education

Master's in Education (Counseling) - 1998(University of North Texas - Denton, TX)
