PROFESSIONAL SUMMARY

Dedicated Cardiac Sonographer with over 10 years of experience in performing echocardiograms and vascular ultrasounds. Proficient in patient care, equipment operation, and technical evaluation to support cardiologists in diagnosing heart conditions.

WORK EXPERIENCE

Associate Cardiac Sonographer

Dec / 2017-Ongoing

Pineapple Enterprises

Santa Monica, CA

1. Performed comprehensive echocardiograms and Doppler studies to assess cardiac function.
2. Documented and analyzed the presence and severity of cardiac conditions for accurate diagnosis.
3. Provided quantitative evaluations to track patient progress and treatment efficacy.
4. Collaborated with cardiologists to determine the necessity of advanced procedures.
5. Communicated findings effectively to medical staff and addressed patient inquiries.
6. Maintained meticulous records using electronic documentation systems for compliance.
7. Applied knowledge of age-specific patient needs in all echocardiographic procedures.

Cardiac Sonographer

Dec / 2014-Dec / 2017

Cactus Creek Solutions

Phoenix, AZ

1. Executed high-quality adult echocardiograms and vascular ultrasounds, including TEE exams.
2. Worked collaboratively with cardiologists and healthcare teams to ensure optimal patient care.
3. Utilized in-depth knowledge of cardiac anatomy to enhance imaging accuracy.
4. Demonstrated initiative and independent judgment in clinical settings.
5. Correlated imaging results with clinical data to provide comprehensive diagnostic information.

EDUCATION

Associate of Science in Cardiovascular Technology

Dec / 2011 - Dec / 2014

University of Health Sciences

Seattle, WA

Focused on echocardiography and vascular imaging techniques, providing a strong foundation in cardiac care.
