PROFESSIONAL EXPERIENCE

Cell Technician

ABC Corporation - March 2006 – October 2008

Key Deliverables:

- Removed, repaired, and replaced hydrochloric cells.
- Checked Site alarms and remedy tickets in a timely manner.
- Planned daily work processes with service effective repairs as a priority.
- Pulled fiber from the right of way meet/splice point to tower.
- Installed and commissioned Ethernet switching equipment. Performed operation and maintenance of 25 to 30 cell sites.
- Assisted with NOCC monitoring, testing, and troubleshooting on various transport and cell site equipment.
- \${job_description7}

Cell Technician

Delta Corporation - 2016 – 2017

Key Deliverables:

- Understood basic cell quality issues and help determine if inspecting them automatically with the vision systems is possible (after hands-on training) Collaborated with relevant teams to determine optimal locations to install hardware
- Installed line-side equipment, including cameras and computer hardware
- performed wiring, networking, and operating computer programs within an industrial/manufacturing environment
- Used software to load images into a program, sort and label them, and then monitor how the program labels the same images
- Supported engineers as they iterate on these systems by providing direct feedback on how the systems are functioning on the line
- Monitored alerts and determine with available data if something is failing, and how to quickly fix it
