## PROFESSIONAL SUMMARY

With over five years of specialized experience as a Chassis Mechanic, I excel in diagnosing, repairing, and enhancing vehicle chassis systems to ensure safety and performance. My expertise encompasses the use of advanced diagnostic tools and techniques, allowing me to effectively troubleshoot complex mechanical issues while adhering to strict safety and quality standards.

## WORK EXPERIENCE

**Chassis Mechanic** Jan / 2021-Ongoing  
Maple Leaf Consulting Toronto, ON

- Executed welding and fabrication of chassis components to ensure structural integrity.
- Applied knowledge of methods, techniques, and procedures for the effective maintenance and repair of chassis trailer parts.
- Followed established procedures and made informed decisions to enhance repair quality.
- Obtained a TWIC card within 60 days of employment to comply with industry regulations.
- Adapted to flexible work schedules, including nights, overtime, and weekends as needed.
- Conducted routine inspections and diagnostics to identify potential issues before they escalated.
- Ensured proper documentation of repairs and maintenance activities for compliance and quality control.

**Chassis Mechanic** Jan / 2020-Jan / 2021  
Lakeside Apparel Co Chicago, IL

- Diagnosed and repaired mechanical, electrical, and hydraulic systems on trucks and trailers.
- Restored chassis to FDOT standards, including tire changes, welding, and electrical troubleshooting.
- Repaired slider boxes and addressed associated problems to enhance operational efficiency.
- Conducted inspections and replaced components such as 5th wheel plates and cross members.
- Performed routine maintenance tasks including painting, light replacement, and mud flap installation.

## EDUCATION

**Associate of Applied Science in Automotive Technology** Jan / 2019 Jan / 2020  
City College Denver, CO  
Focused on automotive repair, including chassis systems and diagnostics.

## SKILLS

- Effective Team Collaboration  
Collaborative Problem Solving  
Welding and fabrication  
Steering system repair  
Suspension alignment
