PROFESSIONAL SUMMARY

Accomplished Chemistry Lab Technician with a decade of experience in laboratory analysis and compliance with safety protocols. Expertise in conducting complex tests, calibrating instruments, and managing quality control processes. Adept at collaborating with cross-functional teams to optimize laboratory operations while ensuring precise data analysis and adherence to regulatory standards.

WORK EXPERIENCE

Chemistry Lab Technician

Pineapple Enterprises

📅 Mar / 2018 - Ongoing

📍 Santa Monica, CA

- Independently conducted testing of Toxic Industrial Gases while adhering to Good Laboratory Practices and standard operating procedures.
- Provided technical support for research projects, optimizing daily operations and enhancing team performance.
- Executed quality testing on safety equipment utilizing various laboratory instruments and detectors.
- Designed and troubleshooted custom test systems to ensure operational effectiveness.
- Maintained detailed records of daily data and performed routine maintenance on laboratory instruments.
- Calibrated equipment, maintained calibration logs, and ensured the procurement of necessary supplies.
- Prepared chemical solutions and compounds for educational purposes and experimental use.

Chemistry Lab Technician

Summit Peak Industries

📅 Mar / 2015 - Mar / 2018

📍 Denver, CO

- Conducted quantitative and qualitative chemical analyses, ensuring compliance with industry standards.
- Assisted in the production and quality control processes for cyclotron-produced materials at the University of Tennessee Medical Center.
- Formulated compounds for anti-cancer research, employing advanced chemistry techniques.
- Characterized chemical compounds using Nuclear Magnetic Resonance and analytical chemistry methods.
- Performed laboratory tests while prioritizing safety and precision in all operations.
- Participated in professional development seminars to enhance knowledge of chemistry applications.

EDUCATION

Bachelor of Science in Chemistry

University of California, Berkeley

📅 Mar / 2012 - Mar / 2015

📍 Denver, CO

Completed coursework in analytical chemistry, organic chemistry, and laboratory techniques.

ACHIEVEMENTS

🌟 Improved laboratory efficiency by 20% through optimized testing protocols.

🌟 Successfully implemented a new quality control system, reducing errors by 15%.
