PERSONAL STATEMENT

An Chief Financial Officer/Corporate Controller with extensive experience of 7 plus years as a strategic member of corporate leadership teams. Initiated and led financial planning strategies throughout all business activities including financial analyses, forecasting, presenting pro-forma financials, and cost/benefit analyses. Hands-on, operationally-oriented executive with a diverse background ranging from single plant manufacturing facilities, to U.S. consolidations for an international corporation, along with being CFO for two different companies. Successfully managed consolidations and system implementations leading to operating efficiencies and cost reductions. Experienced in merger and acquisition due diligence work.

WORK EXPERIENCE

Global Chief Financial Officer **ABC Corporation - 2015 - Present**

Responsibilities:

- Overseeing the Accounting Department and ensuring that accurate accounting records are maintained and issued in a timely manner.
- Coordinating efforts with external auditors as they perform the year-end independent audit.
- Coordinating the tax return preparation and making every effort to be fully informed on tax matters so that the tax implications on given tax matters can be identified and analyzed.
- Responsible for the annual budgeting process that includes determining guidelines and preparation.
- Responsible for all treasury management functions.
- Coordinating annual renewal of property and casualty insurance policies.
- Supervising the Credit and Collections Department to set corporate credit policies and establish systems to monitor AR.

Chief Financial Officer **ABC Corporation - 2008 - 2010**

Responsibilities:

- Managed a centralized administrative department along with overseeing operations at multiple sites across the United States.
- Oversaw the month-end close and financial reporting of 40+ locations across the united states.
- Managed all accounting functions including fixed assets, accounts receivable cash applications and credit management, A/P and weekly check disbursements, payroll data entry and loading into general ledger, along with bank relationships and daily cash management.
- Implemented a new operating system in 2008 while mirroring the results from the previous system as provided by the prior outside accounting firm.
- Managed and oversaw the training for our employees while having responsibility for testing and loading of system balances with adequate checks and balances to ensure a smooth transition.
