PROFESSIONAL SUMMARY

Transforming civil engineering concepts into practical infrastructure designs, I bring 10 years of expertise in project management, design, and compliance. My focus on innovative solutions and collaboration with diverse teams ensures project success while adhering to safety and budget requirements. I am dedicated to enhancing operational efficiency and exceeding client expectations through meticulous planning and execution.

WORK EXPERIENCE

Civil Engineering Designer

📅 Jan / 2018–Ongoing

Blue Sky Innovations

📍 Chicago, IL

1. Conducted comprehensive design and drafting for civil engineering projects, including retail and municipal infrastructure.
2. Engineered designs for intersections and access roads, ensuring compliance with local and state regulations.
3. Collaborated with governmental agencies to secure necessary permits and facilitate project approvals.
4. Produced detailed civil and mechanical plans for complex projects, including oil refinery facilities.
5. Reviewed and verified construction plans for accuracy before submission to city authorities.
6. Generated construction documents featuring topographical contours, elevations, and cross-sections to guide project implementation.
7. Adhered to company design standards, ensuring consistency in documentation and project deliverables.

Civil Engineering Designer

📅 Jan / 2015–Jan / 2018

Silver Lake Enterprises

📍 Seattle, WA

1. Executed design and drafting tasks for multiple retail store projects, focusing on budget analysis and permitting.
2. Designed intricate plan and profile views for extensive underground utility systems, including water and storm drainage.
3. Maintained strong relationships with regulatory bodies, facilitating efficient project approvals and compliance.
4. Created detailed civil design documents for oil refinery plants, ensuring adherence to safety and environmental standards.
5. Managed specifications for various mechanical components, ensuring quality and compliance in project execution.
6. Reviewed submitted plans for errors, enhancing project accuracy and compliance before city submittals.

EDUCATION

Bachelor of Science in Civil Engineering

📅 Jan / 2012–Jan / 2015

University of Washington

📍 Phoenix, AZ

Completed coursework in structural analysis, fluid mechanics, and environmental engineering.

SKILLS

Stormwater Management

Land Surveying Skills

Construction Documentation

Civil 3d Expertise

Bim Software Knowledge

INTERESTS

🤿 Scuba Diving 🎮 E-sports
📖 Reading Fiction 🧩 Puzzle Solving

STRENGTHS

📋 Stewardship 👥 Teamwork
🔗 Tenacity 🏗 Vision

LANGUAGES

English Russian German

ACHIEVEMENTS

- ★ Successfully managed design projects resulting in a 20% reduction in costs through optimized resource allocation.
- ★ Led cross-functional teams to complete infrastructure projects ahead of schedule, enhancing client satisfaction.
- ★ Developed comprehensive design documentation that improved project approval timelines by 30%.
