PROFESSIONAL EXPERIENCE

Laser CNC Machine Operator

ABC Corporation - January 2014 – May 2016

Key Deliverables:

- Establish zero reference points on workpieces, such as at the intersections of two edges or over hole locations.
- Lift workpieces onto work tables either manually or with hoists or direct crane operators to lift and position workpieces.
- Operate single- or multiple-spindle drill presses to bore holes so that machining operations can be performed on metal or plastic workpieces.
- Operate tracing attachments to duplicate contours from templates or models.
- Perform minor assembly, such as fastening parts with nuts, bolts, or screws, using power tools or hand tools.
- Position and secure workpieces on tables, using bolts, jigs, clamps, shims, or other holding devices.
- Study machining instructions, job orders, or blueprints to determine dimensionally or finish specifications, sequences of operations, setups, or tooling requirements.

Machine Operator/line Leader

ABC Corporation - February 2010 – November 2013

Key Deliverables:

- Adjust machine components and machine tension and pressure according to size or processing angle of product.
- Attach identification labels to finished packaged items, or cut stencils and stencil information on containers, such as lot numbers or shipping destinations.
- Clean and remove damaged or otherwise inferior materials to prepare raw products for processing.
- Clean packaging containers, line and pad crates, or assemble cartons to prepare for product packing.
