ACHIEVEMENTS

- ★ Improved processing efficiency of COBOL applications by 30% through code optimization.
- ★ Successfully migrated legacy systems to modern COBOL frameworks, enhancing application performance.

PROFESSIONAL SUMMARY

Accomplished COBOL Programmer with 5 years of experience in developing and optimizing mainframe applications. Expertise in coding, debugging, and enhancing system functionalities. Proven ability to collaborate with teams to deliver high-quality software solutions and improve overall system performance.

WORK EXPERIENCE

Cobol Programmer

📅 Mar / 2021-Ongoing

Blue Sky Innovations

📍 Chicago, IL

1. Designed and developed COBOL applications for critical business functions.
2. Utilized DB2 for database management, ensuring data integrity and accessibility.
3. Employed JCL for job scheduling and batch processing of applications.
4. Enhanced existing COBOL programs to improve performance and reduce execution time.
5. Collaborated with cross-functional teams to understand user requirements and deliver tailored solutions.
6. Conducted thorough testing and debugging to ensure high-quality software delivery.
7. Documented technical specifications and user manuals for application maintenance.

Cobol Programmer

📅 Mar / 2020-Mar / 2021

Cactus Creek Solutions

📍 Phoenix, AZ

1. Provided technical support for COBOL applications running on AS/400 systems.
2. Developed enhancements for insurance applications, improving user experience.
3. Trained staff on COBOL programming and system functionality, fostering knowledge sharing.
4. Maintained critical systems for Accounts Receivable and Accounts Payable.
5. Implemented system enhancements based on user feedback to optimize performance.
6. Collaborated with IT teams to ensure seamless integration of new features.

EDUCATION

Bachelor of Science in Computer Science

📅 Mar / 2019 - Mar / 2020

University of Technology

📍 Portland, OR

Focused on software development and mainframe programming.
