★ Developed over 100 reports that improved data accessibility for stakeholders, enhancing decision-making speed by 30%.

PROFESSIONAL SUMMARY

Accomplished Cognos Developer with 7 years of expertise in designing and implementing Business Intelligence solutions. Proficient in Cognos Analytics, Framework Manager, and report development. Adept at creating data models and dashboards that empower strategic decision-making. Dedicated to transforming complex data into clear insights, enhancing organizational efficiency.

WORK EXPERIENCE

Cognos Developer
Pineapple Enterprises

📅 Apr / 2020-Ongoing
📍 Santa Monica, CA

1. Analyzed client specifications to develop comprehensive reporting documents tailored to business needs.
2. Collaborated with cross-functional teams, including architects and project managers, to implement effective BI solutions.
3. Designed and secured approval for architectural frameworks and detailed reporting designs.
4. Developed and published Framework Manager packages, ensuring robust data source connectivity and integrity.
5. Created sophisticated models in Framework Manager, utilizing stored procedures and relational tables for enhanced reporting.
6. Leveraged Transformer to create cubes, integrating data from Framework Manager packages and reports.
7. Utilized Tableau to design interactive dashboards, employing advanced visualization techniques for better data interpretation.

Associate Developer
Silver Lake Enterprises

📅 Apr / 2018-Apr / 2020
📍 Seattle, WA

1. Provided day-to-day support for BI systems, ensuring system availability and data accuracy for end-users.
2. Troubleshot BI issues, collaborating with technology teams to resolve data-related challenges effectively.
3. Worked with the BI team on application design and training, producing comprehensive documentation for user support.
4. Assisted in the migration from Cognos Series 8.4 to Series 10, ensuring a seamless transition and system improvement.
5. Utilized Analysis Studio for in-depth data exploration and multi-dimensional analysis of large datasets.

EDUCATION

Bachelor of Science in Computer Science
State University

📅 Apr / 2016 _Apr / 2018
📍 Denver, CO

Focused on software development and data management, with coursework in database systems and data visualization.
