## PROFESSIONAL SUMMARY

Bringing seven years of extensive experience in commercial fishing, I am adept at operating and maintaining a variety of fishing vessels while adhering to industry regulations. My expertise in sustainable fishing practices and commitment to environmental stewardship enables me to optimize catches while ensuring marine conservation. Passionate about the ocean, I strive for excellence and safety in all fishing operations.

## WORK EXPERIENCE

**Commercial Fisherman** 📅 Jan / 2021–Ongoing  
**Pineapple Enterprises** 📍 Santa Monica, CA

- Executed sustainable fishing techniques, significantly enhancing catch quality.
- Managed loading and unloading of seafood, guaranteeing freshness during transport.
- Collaborated with team members to optimize fishing strategies and improve yields.
- Conducted routine vessel maintenance and repairs, minimizing downtime.
- Successfully harvested over 50,000 pounds of fish monthly, exceeding quota by 20% through efficient techniques.
- Implemented sustainable fishing practices, reducing bycatch by 30% and promoting marine conservation efforts.
- Managed a team of 5 crew members, enhancing operational efficiency and improving safety protocols on board.

**Commercial Fisherman** 📅 Jan / 2018–Jan / 2021  
**Silver Lake Enterprises** 📍 Seattle, WA

- Self-employed commercial fisherman, focusing on high-quality fish and crab sales to local markets.
- Executed netting and catch techniques, ensuring optimal harvests.
- Managed the full cycle of fish processing, from catch to delivery.
- Provided customer service, educating clients on seafood quality and preparation.
- Maintained equipment and tools, ensuring readiness for fishing expeditions.
- Worked collaboratively with other local fishermen to share best practices and resources.

## EDUCATION

**Associate of Applied Science in Marine Technology** 📅 Jan / 2015 – Jan / 2018

**Coastal Community College** 📍 Portland, OR

Focused on marine operations, vessel maintenance, and sustainable fishing practices.
