PROFESSIONAL SUMMARY

Energetic Computer Lab Supervisor with 2 years of hands-on experience in managing technical operations and supporting users in a dynamic lab environment. Proficient in training students and staff, implementing effective resource management strategies, and ensuring seamless technology integration. Passionate about creating an engaging, productive atmosphere that enhances learning and collaboration.

WORK EXPERIENCE

Computer Lab Supervisor

📅 Apr / 2024-Ongoing

Seaside Innovations

📍 Santa Monica, CA

1. Managed the daily operations of campus computer labs, ensuring systems are up-to-date and fully functional.
2. Provided comprehensive technical support to faculty and students, addressing software and hardware issues promptly.
3. Conducted training sessions for users on lab equipment and software, enhancing overall user proficiency.
4. Created and maintained system images for efficient deployment across multiple lab stations.
5. Monitored inventory levels of computers and peripherals, assisting in budget planning for future upgrades.
6. Installed and configured software and operating systems as required, ensuring optimal performance.
7. Promote a culture of collaboration and innovation within the lab.

Computer Lab Supervisor

📅 Apr / 2023-Apr / 2024

Cactus Creek Solutions

📍 Phoenix, AZ

1. Supervised and guided students in the computer lab, facilitating their learning and addressing any technical inquiries.
2. Managed operations for the city recycling center, ensuring compliance with environmental standards.
3. Oversaw computer lab functions across multiple university branches, enhancing user experience for over 250 stations.
4. Identified and resolved technical issues through site visits and user feedback.
5. Developed strategic plans for improving lab performance, resulting in increased efficiency.
6. Implemented security measures, including installation of antivirus software, to protect lab systems.

EDUCATION

Associate of Science in Computer Science

📅 Apr / 2022 - Apr / 2023

Tech Valley Community College

📍 Chicago, IL

Focused on software development, system administration, and user support.
