### Work Experience

#### Concrete Worker

**ABC Corporation** - January 1996 - November 2003

- Blend marble chip mixtures, place into panels, and push a roller over the surface to embed the chips.
- Measure designated amounts of ingredients for terrazzo or grout according to standard formulas and specifications, using graduated containers and scales, and load ingredients into portable mixer.
- Mold expansion joints and edges, using edging tools, jointers, or straightedges.
- Spread, level, or smooth concrete or terrazzo mixtures to form bases or finished surfaces, using rakes, shovels, hand or power trowels, hand or power screeds, or floats.
- Grind curved surfaces or areas inaccessible to surfacing machine, such as stairways or cabinet tops, with portable hand grinder.
- Grind surfaces with a power grinder or polish surfaces with polishing or surfacing machines.
- Position and secure moisture membrane and wire mesh in preparation for pouring base materials for terrazzo installation.

#### Concrete Worker

**ABC Corporation** - 1991 - 1996

- Set the forms that hold concrete to the desired pitch and depth, and align them.
- Spread, level, and smooth concrete, using rake, shovel, hand or power trowel, hand or power screed, and float.
- Directed the casting of the concrete and supervise laborers who use shovels or special tools to spread it.
- Produced rough concrete surface, using broom.
- Cleaned chipped area, using wire brush, and feel and observe surface to determine if it is rough or uneven.
- Applied hardening and sealing compounds to cure surface of concrete, and waterproof or restore surface.
- Cut out damaged areas, drill holes for reinforcing rods, and position reinforcing rods to repair concrete, using power saw and drill..

## Education

- (Texas City High School)
