LANGUAGES

ACHIEVEMENTS

- ★ Successfully developed a vegetation management plan that reduced hazards near power lines by 30%.
- ★ Improved client satisfaction ratings by 25% through effective communication and project updates.

PROFESSIONAL SUMMARY

Resourceful Vegetation Control Coordinator with two years of hands-on experience in vegetation management and environmental compliance. Proficient in conducting assessments, coordinating with stakeholders, and implementing effective vegetation strategies. Driven to enhance ecological health and public safety while ensuring adherence to regulatory standards.

WORK EXPERIENCE

Vegetation Control Coordinator

Seaside Innovations

📅 Mar / 2024-Ongoing
📍 Santa Monica, CA

- Assisted in developing and monitoring project production metrics and client feedback reports.
- Collaborated with clients to devise strategic vegetation management plans tailored to specific project needs.
- Managed weekly reporting of client activities and project status updates.
- Conducted audits of transmission lines, documenting findings and addressing concerns with stakeholders.
- Coordinated with tree crews to troubleshoot vegetation-related issues effectively.
- Engaged with the public to address concerns regarding vegetation management projects.
- Inspected electric distribution lines for dead or dying trees that posed risks to infrastructure.

Consulting Utility Forester

Cactus Creek Solutions

📅 Mar / 2023-Mar / 2024
📍 Phoenix, AZ

- Surveyed electric utility lines to assess the potential impact of vegetative growth on infrastructure safety.
- Communicated necessary vegetation control measures to tree trimming crews based on field assessments.
- Educated property owners on the importance of vegetation management near power lines, facilitating safer environments.
- Inspected right-of-way areas for compliance with state clearance standards and identified areas needing attention.
- Served as a public liaison for the Vegetation Management program, enhancing community relations.
- Evaluated vegetation health and created comprehensive reports for tree contractors to inform management decisions.

EDUCATION

Bachelor of Science in Environmental Science

University of Greenfields

📅 Mar / 2022 - Mar / 2023
📍 Seattle, WA

Focused on vegetation management, ecological assessments, and environmental policy.
