### PROFESSIONAL SUMMARY

Results-driven Data Architect with 5 years of experience in designing and implementing data solutions. Proficient in data modeling, ETL processes, and cloud technologies, ensuring optimal data architecture for business intelligence.

### WORK EXPERIENCE

Associate Data Architect 📅 Dec / 2020-Ongoing  
Maple Leaf Consulting 📍 Toronto, ON

1. Lead data modeling and mapping initiatives to ensure data integrity and accuracy across systems.
2. Design and develop scalable data solutions that support large-scale enterprise applications.
3. Establish and maintain architectural frameworks, processes, and standards for data architecture.
4. Provide architectural guidance to development teams, ensuring alignment with best practices.
5. Define core data entities and business functions to streamline data management.
6. Collaborate on enterprise-wide data initiatives to promote a unified understanding of data assets.
7. Research and evaluate new technologies to enhance data architecture efficiency and effectiveness.

Data Architect 📅 Dec / 2019-Dec / 2020  
Crescent Moon Design 📍 Portland, OR

1. Collaborated with development teams to design and implement N-Tiered architecture solutions.
2. Optimized database performance through effective physical and logical design strategies.
3. Architected Microsoft .NET and BizTalk solutions for efficient B2B data exchange.
4. Executed transactional replication strategies to ensure data consistency during upgrades.
5. Communicated potential upgrade issues to application teams to mitigate risks.

### EDUCATION

Master of Science in Data Science 📅 Dec / 2018-Dec / 2019  
University of California 📍 Denver, CO

Focused on data architecture, machine learning, and big data technologies.

### SKILLS

Data Processing: Hadoop

Data Processing: MapReduce

Database Management: HBase

Data Processing: Spark

Data Modeling

### INTERESTS

📖 Knitting 📖 Scuba Diving  
📖 E-sports 📖 Reading Fiction

### STRENGTHS

🌟 Respectfulness 🌟 Self-awareness  
🌟 Self-discipline 🌟 Sensitivity

### LANGUAGES

🗣 English 80% 🗣 German 80% 🗣 Indonesian 80%

### ACHIEVEMENTS

- ★ Designed a data architecture that improved data retrieval speed by 30%.
- ★ Implemented ETL processes that reduced data processing time by 25%.
