## PROFESSIONAL SUMMARY

With a decade of experience as a Data Consultant, I specialize in transforming data into strategic insights that drive business growth. My expertise in data analytics, visualization, and cross-functional collaboration empowers organizations to make informed decisions. I am dedicated to optimizing data processes and delivering innovative solutions that align with corporate objectives.

## WORK EXPERIENCE

**Data Consultant** Mar / 2019-Ongoing  
Seaside Innovations Santa Monica, CA

- Designed and implemented comprehensive reporting procedures, enhancing inventory tracking and loan trending analysis.
- Developed analytical reports showcasing loan volume metrics and decision-making statistics.
- Maintained exclusion tables and managed exception overrides to ensure data accuracy.
- Utilized SSMS to import and manage large datasets effectively.
- Established a centralized customer database to streamline data access and reporting.
- Created dynamic Excel reports utilizing pivot tables for insightful data visualization.
- Developed refreshable reports connecting directly to SQL databases, improving reporting efficiency.

**Data Consultant** Mar / 2015-Mar / 2019  
Lakeside Apparel Co Chicago, IL

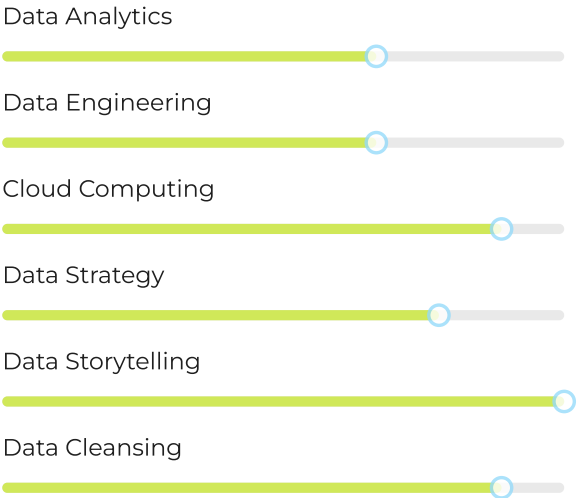

- Forged partnerships with law firms and businesses to expand service offerings and client base.
- Developed marketing strategies and materials to support new service launches.
- Represented the company at industry tradeshows to enhance visibility and networking.
- Conducted detailed queries on loan statuses for quality control, ensuring timely responses to stakeholders.
- Managed documentation processes, improving operational workflows for shareholder requests.
- Promoted telecommunications products, enhancing customer service and sales conversion rates.

## EDUCATION

**Bachelor of Science in Data Analytics** Mar / 2012-Mar / 2015  
University of California Chicago, IL

Focused on data analysis, statistical methods, and data visualization techniques.
