HENRY WALKER

Lead Datastage Developer

✉ support@qwikresume.com ☎ (123) 456 7899 📍 Los Angeles 🌐 www.qwikresume.com

PROFESSIONAL SUMMARY

Innovative Lead DataStage Developer with 7 years of expertise in delivering high-impact ETL solutions. Specialized in IBM InfoSphere DataStage, I excel in optimizing data workflows and ensuring data integrity across diverse industries. My collaborative approach drives successful project outcomes and enhances organizational data strategies.

WORK EXPERIENCE

Lead Datastage Developer
Blue Sky Innovations

📅 Apr / 2021-Ongoing
📍 Chicago, IL

1. Developed comprehensive low-level design documents to meet project requirements, leading to successful job execution.
2. Executed a data acquisition project, extracting and processing data from multiple sources to generate files for targeted systems.
3. Resolved production incidents through effective change request management and code enhancements.
4. Utilized various DataStage connectors to develop robust ETL jobs, ensuring efficient data processing.
5. Created shared containers and server routines for reusable job components, improving project efficiency.
6. Monitored and debugged ETL jobs using DataStage Director, ensuring timely and accurate data delivery.
7. Implemented job sequencers to optimize complex job designs for better performance and easier maintenance.

ETL Developer
Crescent Moon Design

📅 Apr / 2018-Apr / 2021
📍 Portland, OR

1. Defined strategic goals for data integration development in collaboration with stakeholders, establishing the enterprise data warehouse as the primary data source.
2. Analyzed user requirements to design functional ETL specifications that support critical business processes.
3. Designed and deployed data structures, ETL jobs, and PL/SQL procedures to enhance data integration and accuracy.
4. Evaluated and recommended data integration tools and protocols to support procurement and development initiatives.
5. Extracted key financial and production data to support enterprise-wide reporting and analytics.
6. Implemented data quality rules to ensure consistency and integrity across the data landscape.

EDUCATION

Bachelor of Science in Computer Science
University of California

📅 Apr / 2015-Apr / 2018
📍 Portland, OR

Focused on data management, software development, and database systems.

SKILLS

Shell Scripting

Apache Cassandra

Apache Spark

Scala Programming

ACHIEVEMENTS

⭐ Designed and implemented ETL processes that improved data processing efficiency by 30%.

⭐ Led a team to integrate real-time data sources, enhancing reporting capabilities.

⭐ Developed reusable ETL components, reducing project delivery time by 25%.
