### SKILLS

Microsoft .NET

Programming / testing

ASP.NET MVC

C# Programming

Entity Framework

### INTERESTS

📖 Technology 🐾 Blogging

🌲 Hiking ⚽ Sports

### STRENGTHS

👍 Confidence 🎨 Intuition

🚩 Determination 🏆 Leadership

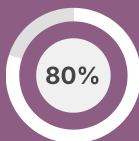

### LANGUAGES

English

Italian

Mandarin

### ACHIEVEMENTS

- 🌟 Reduced application load time by 30% through optimized coding practices.
- 🌟 Successfully integrated third-party APIs to enhance application functionality.
- 🌟 Led a team project that improved system performance, resulting in a 20% increase in user satisfaction.

### PROFESSIONAL SUMMARY

8+ years of extensive experience in designing and developing web applications, web services, client/server applications by using Microsoft .NET technologies. Having strong knowledge Software Development Life Cycle (SDLC) including requirements definition, design, programming / testing and implementation of major systems.

### WORK EXPERIENCE

#### Dotnet Developer

📅 May / 2021-Ongoing

Quantum Solutions LLC

📍 Phoenix, AZ

1. Analyzed requirements in order to determine and provide realistic estimates and Solutions.
2. Designed dynamic web pages with C# using RAZOR in ASP.NET.
3. Developed Presentation layer using ASP.NET, HTML, JavaScript.
4. Implemented MVC design pattern to develop the application and to reduce the complexity and to get full control over the behavior of the application.
5. Worked with Telerik Controls to display huge amount of data.
6. Used Ajax Controls for client side validations with asynchronous data execution using threads when needed to increase the performance.
7. Developed Cascading style sheets (CSS) for consistent look and feel of the website.

#### Dotnet Developer

📅 May / 2020-May / 2021

Summit Peak Industries

📍 Denver, CO

1. Created ASP.NET pages with web server controls for the presentation layer.Implemented validation using validation controls, JQuery and JavaScript client side validations.
2. Developed web applications using ASP.NET and AJAX Extensions under MVC architecture.
3. Created Web Forms for developing the applications using webserver controls and HTML controls.Using Entity Framework, connected to relational data by writing LINQ to SQL queries.
4. Involved in all the phases of the Software Development Life Cycle including System Analysis, Design and Development.Implemented Page level security and permissions based on the authentication details.

### EDUCATION

#### Bachelor of Science in Computer Science

📅 May / 2019 - May / 2020

University of Technology

📍 Phoenix, AZ

Focused on software development and database management, with projects in web application development.
