## ACHIEVEMENTS

★ Reduced drawing errors by 30% through rigorous quality checks.

★ Successfully completed over 50 projects within budget and deadlines.

## PROFESSIONAL SUMMARY

Accomplished Draftsman with 7 years of expertise in producing accurate technical drawings for diverse projects, specializing in civil and structural designs. Proficient in AutoCAD and Revit, I effectively collaborate with multidisciplinary teams to deliver innovative and compliant design solutions. My commitment to precision and quality enhances project outcomes while meeting client specifications.

## WORK EXPERIENCE

### Draftsman

📅 Apr / 2020-Ongoing

🌿 Maple Leaf Consulting

📍 Toronto, ON

1. Executed comprehensive design and engineering tasks using AutoCAD for civil and structural projects, ensuring precision and compliance.
2. Developed engineering designs for over ten ferry landings and terminals in the Tri-State Area, enhancing transportation infrastructure.
3. Designed waterfront and landscape development projects, integrating aesthetic and functional elements.
4. Collaborated with a team of 80 professionals, including engineers and project managers, to achieve project goals.
5. Assembled and reviewed technical documents, proposals, and drawings to ensure clarity and accuracy.
6. Managed logistics for transporting project samples and equipment to major corporations, including Con Edison and New Jersey Transit.
7. Conducted site visits to gather data for accurate drafting and project planning.

### Draftsman

📅 Apr / 2018-Apr / 2020

🌿 Summit Peak Industries

📍 Denver, CO

1. Provided customer service and technical support for construction projects involving substations and hydro stations.
2. Created and revised electrical and gas system drawings to reflect current standards and specifications.
3. Facilitated customer requests for utility services, ensuring timely and accurate responses.
4. Completed multiple construction and maintenance projects successfully, adhering to safety and quality standards.
5. Updated existing drawings to reflect current as-built conditions for field operations.
6. Achieved high customer satisfaction ratings for timely service delivery in gas and electric connections.

## EDUCATION

### Associate of Applied Science in Drafting

📅 Apr / 2016 - Apr / 2018

🌿 Tech Institute of Design

📍 Toronto, ON

Focused on technical drawing, design principles, and software applications relevant to drafting.
