

# EMMA JOHNSON

## Draftsman in Design

✉ support@qwikresume.com ☎ (123) 456 7899 📍 Los Angeles  
🌐 www.qwikresume.com

### PROFESSIONAL SUMMARY

Enthusiastic Draftsman with two years of experience in producing detailed technical drawings for both residential and commercial designs. Adept in AutoCAD and 3D modeling, I thrive in collaborative environments with engineers and architects. My goal is to utilize my drafting skills to contribute to innovative design solutions and ensure project accuracy.

### WORK EXPERIENCE

#### Draftsman in Design

Seaside Innovations

📅 Apr / 2024-Ongoing  
📍 Santa Monica, CA

- 1. Developed design solutions that optimize functionality and aesthetics.
- 2. Updated electrical schematics and P&IDs to reflect design changes.
- 3. Analyzed project data such as sketches and as-builts to inform accurate designs.
- 4. Estimated project timelines to ensure adherence to deadlines and specifications.
- 5. Created 3D views of structural plans in AutoCAD, enhancing assembly understanding.
- 6. Refined CAD Manual to improve drafting standards and quality.
- 7. Coordinated with document control to issue and archive finalized drawings.

#### Draftsman

Crescent Moon Design

📅 Apr / 2023-Apr / 2024  
📍 Portland, OR

- 1. Prepared drawings for design modifications initiated by engineers, ensuring compliance with specifications.
- 2. Utilized 3D modeling software for accurate design representation and visualization.
- 3. Documented work progress, providing summaries to stakeholders for transparency.
- 4. Assumed leadership in Engineering Services during supervisor's absence, managing project workflows.
- 5. Developed prototype work orders and requisitions for new projects and consulted with suppliers.
- 6. Tested hydraulic valve prototypes, collecting data to validate performance on customer vehicles.

### EDUCATION

#### Associate of Applied Science in Drafting Technology

Tech Community College

📅 Apr / 2022-Apr / 2023  
📍 Denver, CO

Studied drafting principles, CAD software applications, and design techniques.

### SKILLS

### ACHIEVEMENTS

- ★ Successfully completed over 30 technical drawings for diverse projects, enhancing project efficiency.
- ★ Collaborated with engineers to improve design accuracy, reducing revision time by 15%.
- ★ Developed a new CAD standard manual that streamlined the drafting process for the team.
