ACHIEVEMENTS

- ★ Successfully migrated multiple legacy systems to Drupal 7, improving site performance by 40%.
- ★ Implemented custom modules that increased user engagement by 30%, enhancing overall user experience.

PROFESSIONAL SUMMARY

Results-oriented Drupal Developer with 7 years of experience in architecting and implementing robust web solutions. Expert in custom module development, theme design, and performance optimization, I excel in delivering scalable applications that enhance user engagement. My commitment to leveraging cutting-edge technologies has consistently driven project success and client satisfaction.

WORK EXPERIENCE

Drupal Developer

📅 Mar / 2020-Ongoing

Maple Leaf Consulting

📍 Toronto, ON

1. Developed custom modules and themes tailored to client specifications, enhancing functionality and user experience.
2. Conducted thorough requirement analysis to implement effective solutions that meet business needs.
3. Authored comprehensive documentation for all implementations, ensuring clarity and maintainability.
4. Led the redesign of the QCAE website, utilizing various tools to improve user interface and engagement.
5. Facilitated knowledge-sharing sessions within the team to promote best practices and collaboration.
6. Upgraded applications from previous versions to Drupal 7, ensuring compatibility and improved performance.
7. Performed feasibility studies on web applications and systems, providing insights for future development.

Drupal Developer

📅 Mar / 2018-Mar / 2020

Cactus Creek Solutions

📍 Phoenix, AZ

1. Prepared design documents and architecture diagrams using industry-standard tools for project clarity.
2. Utilized Object-Oriented Analysis (OOA) and Design (OOD) techniques to develop scalable applications.
3. Created dynamic web applications and components using PHP and MySQL, enhancing data management.
4. Developed an end-user reporting system, improving access to key metrics and insights.
5. Designed and implemented a comprehensive portal for managing web application functionalities.
6. Migrated databases from MS Excel to MySQL, ensuring data integrity and accessibility.

EDUCATION

Bachelor of Science in Computer Science

📅 Mar / 2016 - Mar / 2018

University of Technology

📍 Toronto, ON

Focused on software development principles, including web technologies and database management.
