### ACHIEVEMENTS

⭐ Led a team to achieve a 20% increase in production efficiency through process optimization.

⭐ Implemented a safety training program that reduced workplace incidents by 30%.

### PROFESSIONAL SUMMARY

Accomplished Electrical Fabrication Supervisor with 10 years of extensive experience in managing electrical fabrication projects. Proven track record in leading teams to optimize production processes, ensure compliance with safety standards, and enhance operational efficiency. Committed to fostering a culture of quality and continuous improvement, I excel in driving project success through effective leadership and technical knowledge.

### WORK EXPERIENCE

#### Electrical Fabrication Supervisor

📅 Apr / 2019-Ongoing

WidgetWorks Inc.

📍 Denver, CO

1. Ensured the implementation of best practices and processes for electrical fabrication tasks to uphold quality and safety standards.
2. Supervised the installation of wire ways, cable racks, and associated cabling for interconnecting power and communication systems.
3. Review and approve electrical designs and schematics for accuracy and feasibility.
4. Oversaw the repair and replacement of damaged electrical components, ensuring adherence to project specifications.
5. Troubleshoot faulty circuitry to identify issues and initiated corrective actions promptly.
6. Collaborated with test directors to evaluate electrical systems using technical manuals and blueprints, ensuring compliance with operational guidelines.
7. Coordinated multi-trade work efforts based on technical documents, specifications, and verbal instructions.

#### Electrical Technician

📅 Apr / 2015-Apr / 2019

Silver Lake Enterprises

📍 Seattle, WA

1. Executed residential electrical installations, including the installation and routing of wires through conduits.
2. Installed and bent conduits in residential and commercial settings, ensuring compliance with building codes.
3. Serviced, troubleshooted, and repaired wiring and electrical systems in commercial environments.
4. Conducted new employee orientations and provided safety and technical training to enhance team capabilities.
5. Installed an automated boiler control system to improve energy efficiency and reduce emissions.
6. Maintained and tested equipment for electric energy generation for various industries.

### EDUCATION

#### Bachelor of Science in Electrical Engineering

📅 Apr / 2012-Apr / 2015

University of Tech

📍 Chicago, IL

Focused on electrical systems design, power distribution, and automation.
