### SUMMARY

As an intelligence analyst with over thirteen years of experience, I have provided in-depth technical analysis, collection and management of high-level data systems as well as shipboard electronic warfare suites. I have a propensity for understanding technologies and their applications, and am a self-starter who works well both independently and as part of a team.

### CORE COMPETENCIES

Computer Networking, Microsoft Office.

### PROFESSIONAL EXPERIENCE

#### Electronic Warfare Technician

ABC Corporation - March 1978 – March 1982

##### Key Deliverables:

- Operated and maintained electronic warfare equipment.
- Stood regular electronic warfare watches while underway logging and reporting on intercepts of interest to proper authority.
- Held collateral duties such as division supply petty officer and was the ships Enlisted Intelligence Assistant responsible for developing intelligence reports and taking/developing intelligence photos.
