2011 – 2016

ELEVATOR OPERATOR - ABC CORPORATION

- Salary $23,920 Job Type 40 hours per week, Full-Time Supervisor Harold Schnoor, (507) 854-3341 As an elevator operator I was responsible for loading trucks with the correct commodity that they were picking up, and scaling them in and out to make sure that they were a legal weight.
- While this was happening there were trucks bringing in different commodities that needed to be dumped, we would verify what they had on the truck, take a weight and a sample of the product, and dump it in the correct location.
- Would also write grain contracts for the farmers that would bring the grain into the elevator.
- This was a very attention to detail oriented.
- Along with those items I also had to keep up on inventory of the grain, and the products that we had for sale to the public.
- We had to keep up with OSHA paperwork and housekeeping on a daily basis also.
- This is Dummy Description data, Replace with job description relevant to your current role.
