- Recorded all the information and give recommendations on improvements to show them how to save on energy.
- Maintained company vehicle, supplies and equipment in a professional manner.
- Certified as an Energy Auditor through Building Performance Institute Can provide energy analysis for both Commercial.
- Built Professional Institute Analyst Certified Duties include performing diagnostic tests on residential homes.
- Determined what energy efficiency and health and safety improvements can be made.

#### Energy Auditor

CLEARResult - 2011 – 2012

- I do energy audits at 2-3 homes daily.
- Deal with people from all walks of life, and I am in there homes for 3-5 hours.
- Stress to them the importance of insulation, and other ways to conserve energy.
- Make recommendations to them and provide them with a list of contractors to do the work.
- I have remained the most well reviewed auditor in the state for most of my time with this company.
- Skills Used I use people skills, verbal communication skills, math skills, and computer skills on a daily basis.
- Create a comfort level with my customers, and make them confident that what I am telling them is for their best interest..
