ACHIEVEMENTS

- Improved product quality by 15% through rigorous testing and documentation.
- Collaborated with engineering teams to streamline project workflows, reducing delivery time by 20%.

PROFESSIONAL SUMMARY

Quality-focused engineering professional with 2 years of experience in enhancing product reliability and supporting quality assurance processes. Skilled in data analysis, documentation, and technical communication, I am driven to uphold high standards in engineering projects. Committed to continuous improvement, I aspire to contribute my analytical skills and collaborative approach as a Quality Engineering Assistant.

WORK EXPERIENCE

Quality Engineering Assistant Apr / 2024-Ongoing
Seaside Innovations Santa Monica, CA

- Assisted in drafting and reviewing quality documentation to ensure compliance with engineering standards.
- Conducted inspections and tests to evaluate project quality and performance.
- Collaborated with engineering teams to identify quality issues and implement corrective actions.
- Utilized CAD software to support design modifications based on quality assessments.
- Participated in root cause analysis to resolve defects and improve product reliability.
- Maintained accurate records of quality metrics and inspections for reporting purposes.
- Supported the development of quality improvement initiatives and training programs.

Engineering Assistant Apr / 2023-Apr / 2024
Summit Peak Industries Denver, CO

- Managed quality data for over 57,000 engineering components, ensuring accuracy and reliability.
- Conducted audits of processes to identify areas for improvement and compliance.
- Developed and maintained a database for tracking quality metrics and performance indicators.
- Collaborated with cross-functional teams to enhance project quality and efficiency.
- Assisted in the implementation of a new quality management system to support engineering projects.
- Provided analytical support to identify trends and recommend quality enhancements.

EDUCATION

Bachelor of Science in Quality Engineering Apr / 2022-Apr / 2023
University of Engineering Denver, CO

Focused on quality management principles and practices within engineering contexts.
