PROFESSIONAL SUMMARY

Versatile Engineering Geologist with 5 years of experience in geotechnical investigations and environmental assessments. Proficient in leading field studies and employing advanced techniques to address geological challenges. Committed to delivering projects that meet environmental regulations and enhance safety while optimizing outcomes.

WORK EXPERIENCE

Engineering Geologist Jan / 2021-Ongoing
WidgetWorks Inc. Denver, CO

- Conducted geotechnical site investigations to assess soil and rock properties.
- Collaborated with engineering teams to design effective solutions for construction projects.
- Managed environmental assessments ensuring compliance with local and federal regulations.
- Prepared detailed reports and presentations for stakeholders and regulatory agencies.
- Utilized CAD software to create accurate geological maps and models.
- Supervised fieldwork and ensured safety protocols were adhered to.
- Analyzed geological data to support project development and risk mitigation strategies.

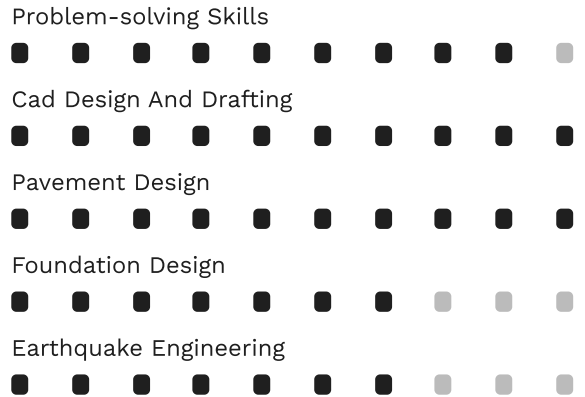

Engineering Geologist Jan / 2020-Jan / 2021
Summit Peak Industries Denver, CO

- Assisted in the geotechnical evaluation of potential mining sites in Potrerillos Valley.
- Performed geological surface mapping for stability analysis in various projects.
- Conducted borehole geotechnical logging and description for accurate data collection.
- Collaborated with cross-functional teams to ensure project goals were met.
- Implemented quality assurance protocols for geological assessments.
- Maintained documentation for all field activities and findings.

EDUCATION

Master of Science in Geology Jan / 2019-Jan / 2020
University of California, Berkeley Denver, CO
Focused on geotechnical engineering and environmental geology.
