Objective

Energetic Equipment Operator and a strong team worker that is highly adaptable to ever-changing circumstances. Seeking a challenging position where I can utilize my strengths and gain more experience to promote a positive work environment. Seeking a long-term, full-time opportunity with an organization or company that would benefit from my Experience and knowledge and experience to its fullest potential.

Skills

Class A CDL, Equipment Operator, Operated Pay Loaders, Skid Loader, Self-propelled Silage Chopper, Stone Crusher

Work Experience

Equipment Operator

ABC Corporation - June 2016 - Present

- Adjusting, repairing, and servicing farm machinery and notifying supervisors when machinery malfunctions.
- Attaching farm implements such as plows, discs, sprayers, or harvesters to tractors, using bolts and hand tools.
- Guiding products on conveyors to regulate flow through machines, and to discard diseased or rotten products.
- Irrigating soil, using portable pipes or ditch systems, and maintain ditches or pipes and pumps.
- Loading and unloading crops or containers of materials, manually or using conveyors, hand trucks, forklifts, or transfer augers.
- Loading hoppers, containers, or conveyors to feed machines with products, using forklifts, transfer augers, suction gates, shovels, or pitchforks.
- Manipulating controls to set, activate, and adjust mechanisms on machinery.

Equipment Operator

ABC Corporation - March 2011 - February 2013

- Observed and listened to machinery operation to detect equipment malfunctions.
- Operated or tend equipment used in agricultural production, such as tractors, combines, and irrigation equipment.
- Operated towed machines such as seed drills or manure spreaders to plant, fertilize, dust, and spray crops.
- Positioned boxes or attach bags at discharge ends of machinery to catch products, removing and closing full containers.
- Operated trucks and construction equipment such as mechanized boom, backhoe, man-lift, excavators, forklifts, skid steers, and front end loaders.
- Ran the fluid end pumps in a pump room and control the flow at what rate we pumped, under supervision of field supervisor.
- This is Dummy Description data, Replace with job description relevant to your current role.
