### ACHIEVEMENTS

★ Achieved a 15% reduction in production downtime by implementing effective troubleshooting techniques.

★ Increased overall production output by 20% through process optimization and team training.

### PROFESSIONAL SUMMARY

Accomplished Extrusion Line Supervisor with 7 years of expertise in optimizing production processes and enhancing product quality. Proven leader in driving team performance and operational efficiency while upholding safety standards. Focused on implementing innovative solutions that foster continuous improvement and maximize productivity in extrusion operations.

### WORK EXPERIENCE

#### Extrusion Line Supervisor

📅 Mar / 2020-Ongoing

Maple Leaf Consulting

📍 Toronto, ON

1. Oversaw the Extrusion Department, managing raw materials, employee performance, and monthly inventory closing.
2. Developed and implemented a streamlined system for month-end raw material accounting.
3. Trained staff on new accounting inventory systems, creating a comprehensive training manual utilized across multiple plants.
4. Successfully managed the startup of a second Agriculture Blown Film Line, enhancing production capacity.
5. Established quality specifications for Agriculture Film, ensuring compliance and customer satisfaction.
6. Increased the input of reprocessed materials while reducing scrap, leading to improved productivity.
7. Designed production reporting systems that minimized errors and reduced labor costs.

#### Extrusion Supervisor

📅 Mar / 2018-Mar / 2020

Cactus Creek Solutions

📍 Phoenix, AZ

1. Progressed from press operator to Material Handler, then to Extrusion Operator, and finally to Extrusion Supervisor.
2. Supervised two press crews consisting of 14 personnel, managing production schedules and conducting safety meetings.
3. Organized and optimized employee operations in a pipe extrusion setting, enhancing production efficiency.
4. Conducted quality inspections of finished products, ensuring compliance with work orders and resolving quality assurance issues.
5. Ensured safety and quality compliance on third shift, filling in as shift supervisor as needed.
6. Managed 40 employees while preparing charting and trend-analysis reports for operational oversight.

### EDUCATION

#### Bachelor of Science in Manufacturing Engineering

📅 Mar / 2016 - Mar / 2018

University of Michigan

📍 Santa Monica, CA

Focused on manufacturing processes, quality assurance, and production optimization.
