ACHIEVEMENTS

- 🌟 Increased production efficiency by 20% through the implementation of streamlined fabrication processes.
- 🌟 Led a team in achieving a 99% quality assurance rating by enhancing training on safety standards and fabrication techniques.

PROFESSIONAL SUMMARY

Bringing a decade of diverse experience in fabrication, I specialize in leading teams through complex metalworking projects. Proficient in blueprint interpretation and CNC operations, I ensure quality and safety compliance while driving process improvements. My focus on operational efficiency and team collaboration positions me to significantly contribute to innovative manufacturing environments.

WORK EXPERIENCE

Lead Fabrication Specialist 📅 Apr / 2018-Ongoing
Seaside Innovations 📍 Santa Monica, CA

1. Operated and maintained various fabrication equipment ensuring optimal performance and safety compliance.
2. Interpreted customer specifications using technical drawings and blueprints to determine materials and setup.
3. Executed fabrication processes according to work orders, maintaining high-quality standards throughout.
4. Conducted thorough inspections of fabricated components using precision measuring tools to ensure adherence to specifications.
5. Coordinated materials retrieval and fabrication tasks to enhance workflow efficiency.
6. Packaged products securely for shipment, utilizing protective measures to prevent damage.
7. Collaborated with team members to optimize production processes, driving continuous improvement initiatives.

Fabrication Specialist 📅 Apr / 2015-Apr / 2018
Cactus Creek Solutions 📍 Phoenix, AZ

1. Led fabrication and welding projects for complex components, utilizing advanced techniques such as MIG and TIG welding.
2. Managed assembly processes for various products, ensuring quality and timely delivery.
3. Developed comprehensive work plans to effectively sequence fabrication activities, achieving project milestones.
4. Tracked and managed inventory of materials and components, ensuring availability for production needs.
5. Maintained and calibrated welding and fabrication equipment, enhancing operational reliability.
6. Provided guidance and training to junior team members on fabrication techniques and safety practices.

EDUCATION

Associate of Applied Science in Welding Technology 📅 Apr / 2012 Apr / 2015
Technical Institute of Technology 📍 Chicago, IL

Focused on advanced welding techniques and fabrication processes.
