Work Experience

Fence Installer

ABC Corporation - May 1991 - November 2005

- Consisted of measuring the area where the fence would be assembled then sketched out to determine which materials would be required.
- Plan and layout work utilizing prepared sketches, blueprints and other methods of the specifications.
- Plan and assemble fences using a variety of hand tools such as Tape measure, Post Hole diggers, Hammer, Levels and a variety of other power tools relevant to the task at hand.
- Assemble, pack and ship fence panels using selected packing devices and shipping containers to protect load shipment.
- Supervised, guided and trained a crew ranging from 3-5 employees.
- Make repairs and alterations to wood structures such as buildings and sheds.
- Fabricate and repair numerous wood articles such as tables, shelving, and benches.

Fence Installer

ABC Corporation - 1988 - 1991

- I used power tools to manufacture and install residential privacy fences.
- Dug the holes for the fence post holes, mixed concrete and performed clean up duties.
- Also assisted in project estimations as well.
- I moved from a laborer to a lead in which I received more responsibilities including delegating job duties to other team members.
- And interacted with customers on the project site.
- Skills Used Team work I worked in unison with my team members to achieve high quality project completion.
- Interpersonal communication During my tenure with J&M Fencing I learned and demonstrated consistently dynamic communication skills in interacting with my team as well as my supervisor..

Education

Certificate in Fire Science - (Oxnard College - Oxnard, CA)
