ACHIEVEMENTS

- 🌟 Reduced simulator downtime by 20% through proactive maintenance schedules.
🌟 Successfully implemented software updates that enhanced simulator performance and reliability.

PROFESSIONAL SUMMARY

With 7 years of specialized experience in flight simulator software technology, I am proficient in diagnosing, maintaining, and enhancing simulation systems. My technical expertise drives performance improvements and compliance with safety protocols, ensuring seamless operations. I am passionate about leveraging my skills to support high-quality training environments and optimize simulator functionality.

WORK EXPERIENCE

- Flight Simulator Software Technician** 📅 Feb / 2021-Ongoing
WidgetWorks Inc. 📍 Denver, CO
1. Performed in-depth troubleshooting and corrective actions for flight simulation equipment based on design specifications.
 2. Executed upgrades for visual computer systems, including hard drive and circuit board replacements.
 3. Conducted preventative maintenance to enhance simulator reliability and performance.
 4. Utilized advanced diagnostic tools, including multimeters and oscilloscopes, for circuit board repairs.
 5. Maintained and repaired cockpit systems, ensuring compliance with operational standards.
 6. Trained team members on equipment maintenance and troubleshooting techniques.
 7. Collaborated with engineering teams to improve simulator systems and processes.

- Flight Simulator Technician** 📅 Feb / 2018-Feb / 2021
Summit Peak Industries 📍 Denver, CO
1. Served as a Sergeant in the Air Force, overseeing flight simulator operations at Offutt Air Force Base.
 2. Managed the maintenance of F4 flight simulators, ensuring optimal functionality for training missions.
 3. Operated advanced simulation systems, including computer-controlled audio and multiplexer systems.
 4. Led a team in troubleshooting and resolving technical issues during training exercises.
 5. Implemented training programs for airmen on simulator operation and maintenance.
 6. Contributed to the development of command and control procedures through simulation training.

EDUCATION

- Bachelor of Science in Electronics Engineering** 📅 Feb / 2015 - Feb / 2018
University of California 📍 Denver, CO
- Focused on electronics and computer systems relevant to simulation technologies.
