## PROFESSIONAL SUMMARY

Dedicated Forensic Chemist with 2 years of experience in analyzing complex evidence using advanced chemical methodologies. Proficient in maintaining chain of custody and producing accurate interpretations of results. Committed to delivering high-quality forensic analyses to support law enforcement investigations and enhance public safety.

## WORK EXPERIENCE

### Forensic Chemist

Maple Leaf Consulting

Apr / 2024-Ongoing

Toronto, ON

- Conducted qualitative and quantitative examinations of controlled substances and volatile compounds under legal regulations.
- Performed chemical analyses on firearms and explosives, ensuring adherence to safety protocols.
- Executed toxicological examinations on biological samples to detect drugs and poisons.
- Analyzed evidence for counterfeit products in relation to trade compliance.
- Determined blood alcohol levels using advanced gas chromatography methods.
- Tested urine and other fluids for drug presence, providing essential data for investigations.
- Maintained comprehensive records and chain of custody documentation for all samples analyzed.

### Forensic Chemist

Lakeside Apparel Co

Apr / 2023-Apr / 2024

Chicago, IL

- Identified controlled substances using gas chromatography-mass spectrometry (GC-MS) techniques.
- Prepared detailed reports on analytical findings and presented them in court as needed.
- Conducted research on volatile compounds in drug samples while adhering to lab safety standards.
- Performed forensic testing on submitted evidence, producing accurate and timely reports.
- Executed confirmatory testing on blood and urine samples for various state agencies.
- Maintained laboratory equipment, ensuring optimal performance and compliance with protocols.

## EDUCATION

### Bachelor of Science in Forensic Chemistry

University of Florida

Apr / 2022-Apr / 2023

Phoenix, AZ

Focused on analytical techniques and forensic applications in chemistry.

## SKILLS

Data Analysis Software

Laboratory Information Management Systems

Chemical Analysis Techniques

Data Analysis

## ACHIEVEMENTS

- Successfully analyzed over 200 drug samples, ensuring accurate results for law enforcement.
- Implemented new laboratory protocols that reduced analysis turnaround time by 15%.
- Provided expert testimony in court on 10+ occasions, reinforcing the integrity of forensic findings.
