

ROBERT SMITH

Freight Train Conductor

info@qwikresume.com | <https://Qwikresume.com>

Highly qualified Freight Train Conductor with experience in the industry. Enjoy creative problem solving and getting exposure on multiple projects, and I would excel in the collaborative environment on which your company prides itself.

MAY 2015 - JANUARY 2016

FREIGHT TRAIN CONDUCTOR - ABC CORPORATION

- Performed conductor duties at Bellevue terminal, home terminal, the second largest rail yard in the United States, coordinating with the railroad, shipping companies, and engineers on the loading and unloading of freight and support for the operation of the train from one stop to the next.
- Led the loading and unloading crew and monitored the team traveling on the train; coupled and decoupled trains before, during, and after transit and ensured track switches were properly aligned.
- Remained on call at all times of the day or night, reporting for duty within 90 minutes of notification.
- Gathered required documents, including clearances for self, the engineer, and crew.
- Implemented safe loading and unloading procedures and monitored freight and mechanical safety during transit; maintained exceptional safety record, with zero safety or procedural violations.
- Kept track of a large amount of data related to the transportation of cargo, including all train schools and records of cargo onboard the train; maintained safety check records and crew schedules.
- Signaled the engineer to begin the train run by using both telecommunication and hand signals, received information regarding the train and rail conditions from the dispatcher.

2010 - 2015
