ACHIEVEMENTS

- Developed over 100 comprehensive test cases, improving defect detection by 30%.
- Led a team project that reduced testing cycle time by 25% through effective test planning.

PROFESSIONAL SUMMARY

Proficient Manual Test Engineer with 5 years of experience in executing detailed testing processes to ensure software quality and reliability. Adept at developing test cases, executing functional tests, and collaborating with cross-functional teams to drive product enhancements. Committed to continuous improvement and effective reporting of testing outcomes.

WORK EXPERIENCE

Manual Test Engineer
📅 Mar / 2022-Ongoing

Pineapple Enterprises
📍 Santa Monica, CA

1. Executed functional and regression testing for multiple software releases, ensuring adherence to quality standards.
2. Developed detailed test cases and test scripts based on software requirements and project specifications.
3. Collaborated with cross-functional teams to identify and resolve defects, enhancing overall product quality.
4. Utilized bug tracking systems to document and manage defects effectively.
5. Participated in Agile ceremonies to provide insights on testing progress and challenges.
6. Conducted thorough reviews of test documentation to ensure compliance with project guidelines.
7. Provided feedback and suggestions for process improvements to enhance testing efficiency.

Functional Test Engineer
📅 Mar / 2020-Mar / 2022

Silver Lake Enterprises
📍 Seattle, WA

1. Performed testing on various platforms including mobile and desktop applications, ensuring compatibility and functionality.
2. Created and maintained testing documentation, including test plans and reports.
3. Engaged in continuous learning to stay updated with the latest testing tools and methodologies.
4. Assisted in developing automated scripts to complement manual testing efforts.
5. Worked closely with developers to ensure timely resolution of issues discovered during testing.
6. Contributed to team retrospectives to discuss testing outcomes and areas for improvement.

EDUCATION

Bachelor of Science in Computer Science
📅 Mar / 2018-Mar / 2020

University of California
📍 Portland, OR

Focused on software development and quality assurance methodologies.
