ACHIEVEMENTS

★ Delivered over 20,000 high-quality geospatial products, supporting critical military operations.

★ Improved data accuracy by 30% through rigorous quality control measures on geospatial products.

PROFESSIONAL SUMMARY

Detail-oriented Geospatial Intelligence Analyst with over 5 years of experience in analyzing spatial data and producing actionable intelligence. Proficient in GIS software and remote sensing technologies, with a strong ability to interpret complex datasets. Adept at collaborating with cross-functional teams to support mission objectives and enhance decision-making processes.

WORK EXPERIENCE

Geospatial Intelligence Analyst   📅 Apr / 2022-Ongoing

Quantum Solutions LLC   📍 Phoenix, AZ

1. Created, gathered, and integrated diverse geospatial data layers to enhance mapping and predictive modeling capabilities.
2. Produced and ensured quality control of over 18,000 geospatial products annually.
3. Coordinated custom geospatial intelligence products with national intelligence organizations and military staff.
4. Employed advanced analytical techniques to meet high-priority requirements for national and theater-level operations.
5. Disseminated critical intelligence to senior leadership, updating national databases to reflect current data.
6. Conducted thorough quality control checks on imagery and geospatial graphics.
7. Successfully exploited over 25,000 images, creating more than 10,000 actionable GEOINT products.

Geospatial Intelligence Analyst   📅 Apr / 2020-Apr / 2022

Cactus Creek Solutions   📍 Phoenix, AZ

1. Selected as the branch Foreign Disclosure Officer, overseeing sensitive information release.
2. Reviewed and authorized the release of over 60 intelligence requests, ensuring timely communication of emerging threats.
3. Informed allied forces of critical developments in the PACOM area of operations.
4. Served as an Imagery Analyst, focusing on precision and attention to detail in product delivery.
5. Collaborated closely with clients to produce imagery products that addressed current operational needs.
6. Supported Air Forces Central Command through targeted imagery production and training initiatives.

EDUCATION

Bachelor of Science in Geospatial Intelligence   📅 Apr / 2018 _ Apr / 2020

University of North Texas   📍 Denver, CO

Focused on geospatial data analysis, remote sensing, and imagery interpretation.
