Address: 1737 Marshville Road,
Alabama.

Objective

9 years of basic biological science research experience in an academic setting. Demonstrated success in independently designing experiments, conducting research studies, analyzing data, and interpreting results. Excellent interpersonal, oral, and written communication skills. Presented and discussed findings at several regional, national, and international scientific meetings.

Skills

Design Methodology, Good Communication, Good Sense.

Work Experience

Guest Lecturer

ABC Corporation - May 2010 - October 2014

- Delivered Lectures to NIFT 2ND year students of Accessory design on history and philosophy of design, giving them an insight into how ancient history influences futuristic designs.
- Gave lectures to NIFT 4TH year students of Accessory Design about design prototyping, teaching them design methodology, starting from Brain Storming sessions to drawing explorations.
- Created themes, and finally coming up with a finished functional product.
- Helped the students understand the interim of aesthetics and functionality to cater to pre-defined design brief then planning, realization, execution, and presentation of the same.
- Detailed the study of human factors and ergonomics.
- Addressed students as an alumnus, explaining them the scope, opportunities, and the future of the design Industry and motivating them to pursue their dreams.
- Made field trips to museums to make the students aware of the history of art and design more extensively.

Guest Lecturer

Delta Corporation - 2005 - 2010

- Introduction of Decentralized Technologies in Wastewater Treatment (Wastewater Treatment).
- Introduction to HEC-RAS; Steady and Unsteady Flow Simulation (Hydrology and Water Resources), Spring, 2013, and Spring, 2014 Life Cycle.
- Further guest lecturing is presumed to continue.
- Presented on the components of a succinct and solid sociological research paper to a senior seminar class.
- Detailed the study of human factors and ergonomics.
- Addressed students as an alumnus, explaining them the scope, opportunities, and the future of the design Industry and motivating them to pursue their dreams.
- Made field trips to museums to make the students aware of the history of art and design more extensively.

Education

Bachelors in design in Accesory design - 2007(Hyderabad, Andhra Pradesh)
